

Old Town University is a new company in Saginaw and is home to Old Town Scrapbooking Loft as well as a non-traditional learning environment. They offer classes in Professional Development, Art and Design and Personal Growth.

Check out their website for the latest in training and education as they work to keep the arts and culture alive in old downtown Saginaw!

We worked with them to create their first website, which includes:

- An event calendar of their seminars and classes, with an RSS feed
- Online registration with online payments, coupon codes, class emailing, and more!

Client Testimonial

"Rebecca and the Gems Solutions team are great to work with and provide an excellent product at a very reasonable cost. The personal training provided by Rebecca was extremely helpful to our staff." ~ Shawna Davidson, Owner, Old Town University
